ACKNOWLEDGEMENT

We would like to take this golden opportunity to express our gratitude and appreciation to our college “Lumbini Adarsha Degree College” and “Faculty of Science and Technology” for providing the opportunity for making this proposal for our project.

We would like to thank our project supervisor (Mr. Suraj Bhattarai) for providing us with the valuable guidance and insights throughout the duration of this project. Also, we would like to thanks our teacher Mr. Saroj Dhakal for his support and constructive suggestion. Their knowledge, dedication and feedback have been instrumental in the successful completion of our proposal.

We would like to acknowledge the contributions of all the resources we have utilized in preparing this proposal, including research materials, literature, online sources and other forms of support.

Sincerely,

Kriti Khadka Chhetri
